A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Notes to the consolidated interim condensed financial statements Six months ended June 30, 2013 and 2012

(Amounts expressed in thousands of US dollars, except as otherwise stated)

#### 1. Accounting policies and estimates

These consolidated interim condensed financial statements of OAO Severstal and subsidiaries ('the Group') have been prepared in accordance with International Financial Reporting Standards ('IFRS'), IAS 34 *Interim Financial Reporting*, as issued by the International Accounting Standards Board. The Group additionally prepared IFRS consolidated interim condensed financial statements presented in Russian rubles and in the Russian language in accordance with the Federal Law No. 208-FZ *On consolidated financial reporting*.

#### Adoption new and amended IFRS

The accounting policies applied by the Group in these consolidated interim condensed financial statements are the same as those applied by the Group in its consolidated financial statements for the year ended December 31, 2012, except that the Group has adopted those new and amended standards that are mandatory for financial annual periods beginning on January 1, 2013.

Standards	Effective for annual periods beginning on or after
IAS 1 (Amended) "Presentation of Financial Statements"	July 1, 2012, January 1, 2013
IAS 16 (Amended) "Property, Plant and Equipment"	January 1, 2013
IAS 27 (Amended) "Separate Financial Statements"	January 1, 2013
IAS 28 (Amended) "Investments in Associates and Joint ventures"	January 1, 2013
IAS 32 (Amended) "Financial Instruments: Presentation"	January 1, 2013
IAS 34 (Amended) "Interim Financial Reporting"	January 1, 2013
IFRS 1 (Amended) "First-time Adoption of International Financial Reporting Standards"	January 1, 2013
IFRS 7 (Amended) "Financial Instruments: Disclosure"	January 1, 2013
IFRS 10 (Amended) "Consolidated Financial Statements"	January 1, 2013
IFRS 11 (Amended) "Joint Arrangements"	January 1, 2013
IFRS 12 (Amended) "Disclosure of Interests in Other Entities"	January 1, 2013
IFRS 13 " Fair Value Measurement"	January 1, 2013

Amended IAS 1 *Presentation of Financial Statements* requires a separate presentation of items of other comprehensive income that may be reclassified to profit or loss in the future from those that will never be reclassified to profit or loss. Items that will not be reclassified to profit or loss mainly include foreign exchange differences of the Group's entities where functional currency is the Russian ruble. The amendment was applied retrospectively by re-presenting the comparative information.

Amended IAS 16 *Property, Plant and Equipment* clarifies the recognition of spare parts, stand-by equipment and servicing equipment either as property, plant and equipment, when they meet the definition of property, plant and equipment, or as inventory. Amended IAS 16 did not have a significant effect on the Group's consolidated interim condensed financial statements.

Amended IAS 32 *Financial Instruments: Presentation* clarifies that income tax relating to distributions to holders of an equity instrument and to transaction costs of an equity transaction shall be accounted for in accordance with IAS 12 *Income Taxes*. Amended IAS 32 did not have a significant effect on the Group's consolidated interim condensed financial statement.

Amended IAS 34 *Interim Financial Reporting* requires a separate presentation of total assets and liabilities for a particular reportable segment if such amounts are regularly provided to the Group's management and if there has been a material change from the amount disclosed in the last annual financial statements for that reportable segment. The amendment was applied retrospectively by representing the comparative information.

#### Notes to the consolidated interim condensed financial statements Six months ended June 30, 2013 and 2012

(Amounts expressed in thousands of US dollars, except as otherwise stated)

Amended IFRS 1 First-time Adoption of International Financial Reporting Standards introduces how a first-time adopter would account for a government loan with a below-market rate of interest when transitioning to IFRSs. The amendments mirror the requirements for existing IFRS preparers in relation to the application of amendments made to IAS 20 Accounting for Government Grants and Disclosure of Government Assistance in relation to accounting for government loans. Amended IFRS 1 did not have effect on the Group's consolidated interim condensed financial statements, since the Group is not a first-time adopter of IFRS.

Amended IFRS 7 Financial Instruments: Disclosures provides minimum disclosure requirements related to financial assets and financial liabilities, set off in the statement of financial position or a subject to enforceable master netting arrangements or similar agreements. The amendments requires disclosure of tabular reconciliation of gross and net amounts of financial assets and financial liabilities, separately showing amounts offset and not offset in the statement of financial position. Amended IFRS 7 did not have a significant effect on the Group's consolidated interim condensed financial statements.

Amended IFRS 10 Consolidated Financial Statements provides a single control model and replaces the parts of the previously existing IAS 27 Consolidated and Separate Financial Statements that dealt with consolidated financial statements. IFRS 10 changes the definition of control such that an investor controls an investee if and only if the investor has the power over the investee, exposure, or rights, to variable returns from its involvement with the investee and the ability to use its power over the investee to affect the amount of the investor's returns. Amended IFRS 10 did not have a significant effect on the Group's consolidated interim condensed financial statements.

Amended IFRS 11 *Joint Arrangements* supersedes IAS 31 *Interests in Joint Ventures* and provides the definition of joint arrangements as an arrangement over which there is joint control. IFRS classifies joint arrangements into two types: joint operations whereby the parties with joint control have rights to the assets, and obligations for the liabilities, relating to the arrangement and joint ventures whereby the parties with joint control have rights to the net assets of the arrangement. IFRS 11 removes the option to account for joint ventures using proportionate consolidation; the equity method is applied in accordance with IAS 28 *Investments in Associates and Joint Ventures*. Amended IFRS 11 was applied retrospectively.

Amended IFRS 12 *Disclosures of Interests in Other Entities* requires extended disclosures for interests in subsidiaries, joint arrangements, associates and unconsolidated structured entities. Amended IFRS 12 did not have a significant effect on the Group's consolidated interim condensed financial statements.

IFRS 13 Fair Value Measurement establishes a single source of guidance under IFRS and provides a revised definition of fair value, sets out a framework for measuring fair value and requires expanded disclosures about fair value measurements. IFRS 13 did not have a significant effect on the Group's consolidated interim condensed financial statements.

#### New accounting pronouncements

A number of new Standards, amendments to Standards and Interpretations were not yet effective for the six months ended June 30, 2013, and have not been applied in these consolidated interim condensed financial statements.

IFRIC 21 "Levies"	January 1, 2014

The adoption of the pronouncements listed above is not expected to have a significant impact on the Group's consolidated financial statements in future periods except for those discussed below.

IFRS 9 Financial Instruments becomes effective for annual periods beginning on or after 1 January 2015. The new standard is to be issued in several phases and is intended to replace IAS 39 Financial Instruments: Recognition and Measurement. Amended IFRS 7 Financial Instruments: Disclosure requires additional disclosure on transition from IAS 39 to IFRS 9. The first and second phases of IFRS 9 were finalised in November 2009 and October 2010, respectively, and relate to the recognition and measurement of financial assets and liabilities. The Group recognises that the new standard introduces many changes to the accounting for financial instruments and is likely to have a significant impact on the Group's consolidated financial statements.

#### 2. Discontinued operations

The Group's discontinued operations represented the Gold segment.

In March 2012, the Group completed the separation of the Gold segment by exchange of 100% shares of Nord Gold N.V., the segment's holding company, for OAO Severstal shares and GDRs resulting in the increase of the Group's treasury stock by 192,900,120 shares.

The effect of the Gold segment separation was recognized in equity as an increase in treasury shares in the amount of US\$ 1,560.0 million as at 31 December, 2011 and in the amount of US\$ 103.8 million in the six months ended June 30, 2012 as a result of a further increase in the Group's share in the Gold segment's net assets compared to December 31, 2011.
