Notes to the Consolidated Interim Condensed Financial Statements

1 Background

(a) Organisation and operations

PAO Group of Companies PIK (the "Company") and its subsidiaries (together referred to as the "Group") comprise closed and open joint stock companies and limited liability companies incorporated under requirements of the Civil Law of the Russian Federation and entities registered in Cyprus, Netherlands and in the British Virgin Islands. The Company was established as a privately owned enterprise in 1994. Since 1 June 2007 the Company's shares are traded on the London Stock Exchange (in the form of global depositary receipts and Moscow Exchange (MOEX) in Russia.

The Company's registered office is 19 Barrikadnaya Str., Moscow, 123242, Russian Federation.

The primary activities of the Group are investing in development projects for construction of residential buildings and sales of real estate properties; construction services; production of construction materials, including concrete panels, window frames and other construction elements. During 2016 and 2015 the Group primarily operated in Moscow, Moscow region and other regions of Russia.

(b) Business environment

The Group's operations are primarily located in the Russian Federation. Consequently, the Group is exposed to the economic and financial markets of the Russian Federation which display characteristics of an emerging market. The legal, tax and regulatory frameworks continue development, but are subject to varying interpretations and frequent changes which together with other legal and fiscal impediments contribute to the challenges faced by entities operating in the Russian Federation.

The recent conflict in Ukraine and related events have increased the perceived risks of doing business in the Russian Federation. The imposition of economic sanctions on Russian individuals and legal entities by the European Union, the United States of America, Japan, Canada, Australia and others, as well as retaliatory sanctions imposed by the Russian government, has resulted in increased economic uncertainty including more volatile equity markets, a depreciation of the Russian Rouble, a reduction in both local and foreign direct investment inflows and a significant tightening in the availability of credit facilities. In particular, some Russian entities may be experiencing difficulties in accessing international equity and debt markets and may become increasingly dependent on Russian state banks to finance their operations. The long term effects of recently implemented sanctions, as well as the threat of additional future sanctions, are difficult to determine.

The consolidated interim condensed financial statements reflect management's assessment of the impact of the Russian business environment on the operations and the financial position of the Group. The future business environment may differ from management's assessment.

2 Basis for preparation

(a) Statement of compliance

These consolidated interim condensed financial statements have been prepared in accordance with IAS 34 Interim Financial Reporting. Selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in financial position and performance of the Group since the last annual consolidated financial statements as at and for the year ended 31 December 2015. These consolidated interim condensed financial

statements do not include all the information required for a complete set of financial statements prepared in accordance with International Financial Reporting Standards ("IFRSs").

(b) Use of estimates and judgments

The preparation of consolidated interim condensed financial statements requires Management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates. In preparing these consolidated interim condensed financial statements, the significant judgments made by Management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements as at and for the year ended 31 December 2015.

3 Significant accounting policies

The accounting policies applied by the Group in these consolidated interim condensed financial statements are the same as those applied by the Group in its consolidated financial statements for the year ended 31 December 2015, except that the Group has adopted those new and amended standards and interpretations that are mandatory for financial annual periods beginning on 1 January 2016.

	Effective for annual periods
Standards	beginning on or after
IAS 1 (Amended) "Presentation of Financial Statements"	1 January 2016

IAS 28 (Amended) "Investments in Associates and Joint Ventures"	1 January 2016
IAS 34 (Amended) "Interim Financial Reporting"	1 January 2016
IAS 38 (Amended) "Intangible Assets"	1 January 2016
IAS 41 (Amended) "Agriculture"	1 January 2016
IFRS 7 (Amended) "Financial Instruments: Disclosures"	1 January 2016
IFRS 10 (Amended) "Consolidated Financial Statements"	1 January 2016
IFRS 11 (Amended) "Joint Arrangements"	1 January 2016
IFRS 12 (Amended) "Disclosure of Interests in Other Entities"	1 January 2016
IFRS 14 (Amended) "Regulatory Deferral Accounts"	1 January 2016

These new and amended standards and interpretations did not have significant effect on the Group's consolidated interim condensed financial statements.

New accounting pronouncements

A number of new standards, amendments to standards and interpretations were not yet effective for the six months ended 30 June 2016, and have not been applied in these consolidated interim condensed financial statements.

	Effective for annual periods
Standards	beginning on or after
IAS 7 (Amended) "Statement of Cash Flows"	1 January 2017
IAS 12 (Amended) "Income Taxes"	1 January 2017
IFRS 2 (Amended) "Share based payment"	1 January 2018
IFRS 9 (Amended) "Financial Instruments"	1 January 2018
IFRS 15 "Revenue from Contracts with Customers"	1 January 2018
IFRS 16 "Leases"	1 January 2019

The adoption of the pronouncement listed above is not expected to have a significant impact on the Group's consolidated financial statements in future periods except for the standard described below.

IFRS 15 Revenue from Contracts with Customers will be effective for annual periods beginning on or after 1 January 2018. The new standard was issued in May 2014. IFRS 15 specifies how and when an IFRS reporter will recognize revenue as well as requiring such entities to provide users of financial statements with more informative relevant disclosures. The standard provides a single, principles based five-step model to be applied to all contracts with customers. The Group recognises that the new standard introduces many changes to the accounting for revenue and potentially may have a significant impact on Group's consolidated financial statements. The impact of these changes will be analysed during the course of standard adoption. The Group does not intend to adopt this standard early.

10 Contingencies

Except as described below, the contingencies of the Group related to insurance and warranties did not change significantly from the contingencies reported in the consolidated financial statements as at and for the year ended 31 December 2015.

Litigation contingencies

The Group is involved as a defendant in legal proceedings relating to supply and services contracts in the total amount of RUB 356 million (2015: RUB 247 million). Management believes, based on a legal advice, that the actions can be successfully defended and therefore no losses will be incurred. The legal claims are expected to be settled in the course of the next reporting period.

Taxation contingencies

A number of new laws introducing changes to the Russian tax legislation have been recently adopted. Starting from 1 January 2015 changes aimed at regulating tax consequences of transactions with foreign companies and their activities were introduced. These changes may potentially impact the Group's tax position and create additional tax risks going forward. This legislation is still evolving and the practice of its application is very limited and may not be treated as representative. The management does not believe that the Company would suffer material tax outflow as a result of challenge by the tax authorities.
